TAX REDUCTION BILL MAY PASS LATE SATURDAY

Coalition Launches Drive
Today to Enact Their
Bill in 48 Hours

TWO MAJOR BONES OF CONTENTION

Corporation and Surtax
Rates May Prove To Be
Stumbling Blocks

Washington, May 11.—The admin-
istration-insurgent coalition launched
a drive in the senate today to
pass their \$203,000,000 tax reduc-
tion bill within 48 hours.

Two major bones of contention—
the corporation and surtax rates—
may prove a stumbling block to their
program as the Democrats will di-
rect their greatest attack on the ad-
ministration's recommendation for
these taxes.

All indications, however, point to
a triumph for the administration
due to the new coalition with the
Republican insurgents, who fre-
quently have opposed them in the
past.

The administration plan would
reduce the corporation tax from 13 1/2
to 12 1/2 per cent, while the Demo-
crats will fight for a 1 1/2 per cent
tax, the same as enacted by the
house. Both Republican and Demo-
cratic plans proposed a \$25,000,000
slush on surtaxes but their sched-
ules differed radically. The house
made no such reduction.

Must Go To Conference
If these two rates can be settled
without prolonged debate, the tax
bill probably will pass the senate
late tomorrow, being sent then to
conference to iron out differences
between the house and senate. The
senate bill undoubtedly will limit tax
reduction to around \$203,000,000
whereas the house enacted a \$289-
000,000 cut.

The attitude of the Democrats in
the battle so far has been in sharp
contrast to that displayed by the ad-
ministration insurgent Republican
alliance.

When the item was considered by
the senate, Senator Caraway (D) of
Arkansas, proposed an increase of
the tax from one cent to 50 cents on
the ground that gamblers in cotton
and grains were robbing the farmers
and should be heavily taxed.

He criticized his Democratic col-
leagues for suggesting repeal of the
tax. When Caraway was beaten by a
vote of 27 to 47, he declared the
"farmers has lost by a two to one
vote when they sought protection
from the gamblers."

Reputations Action
A moment later, a Democratic
proposal to cut in half, the two
cent tax on the sale and transfer of
capital stocks was defeated and the
tax retained by a vote of 48 to 29.
On both these votes, a number of
Democrats followed Caraway in vot-
ing against the recommendations of
their representatives on the finance
committee. Such a repudiation has
occurred but seldom in the past.

A third Democratic plan to re-
peal the five-cent tax on new issues
of capital stock was beaten 34 to 42.
The insurgents voted to a man with
the administration to retain this tax.
Caraway and a handful of Demo-
crats again voted against their col-
leagues. The Arkansas senator, in
fact, indicated he would lead a re-
volt against the Democratic tax plan
throughout the remainder of the
bill's consideration.

Penney Store
MUCH LARGER
Moves to New Quarters
In Former Hemmert
Business Block

"Removal to our new and en-
larged quarters at 90-92 Main st.,
will mean greatly increased facilities
for serving the public," says Dan
Pearson, manager of the J. C. Pen-
ney company store of this city.

"Our floor space will be greatly
increased, allowing room for the ex-
pansion and improvement of all de-
partments.

"We shall be able to offer our
customers a larger selection of mer-
chandise in all departments as we
can now carry in stock many items
formerly prohibited by our limited
space. Special attention will be
given to our ready-to-wear depart-
ment which will occupy special
merchandising quarters.

"The new front and the interior
fixtures add appreciably to the ap-
pearance of the store and make it
worthy addition to a progressive
town such as Salem."

PENNSY OPPOSES NEW RAIL LINE THROUGH COUNTY

Hearings Open Monday on
Proposed Extensions
Before Board

Pittsburgh, May 11.—A proposed
new north and south railroad line,
putting Youngstown, O., within
about 35 miles of the inland waters
of the Ohio river system, will be
opposed Monday, when hearings are
begun at Washington before the In-
terstate Commerce Commission, it
was indicated today.

The Pennsylvania and New York
Central railroads have filed petitions
of intervention with the Interstate
Commerce Commission and have in-
dicated they will oppose the applica-
tion of the Pittsburgh, Lisbon and
Western Railway for permission to
extend its rails north to Youngstown
and south to the Ohio river at
Smith's Ferry.

H. J. German, president of the
Montour Railroad company, yester-
day made the following statement:

Outline Proposals
"On Monday morning next the fi-
nance division of the Interstate
Commerce Commission will com-
mence hearings at Washington on
two applications of vital interest
to Pittsburgh.

"Extending from New Gallie, Pa.
in Beaver County, in a general
westerly direction to Lisbon, O., a
distance of about 25 miles, in the
line of the Pittsburgh, Lisbon &
Western Railroad."

The Montour Railroad, owned by
the Pittsburgh Coal company, and
a carrier which serves the Pitts-
burgh coal fields, is asking the In-
terstate Commerce Commission to
approve its acquisition of the out-
standing stock and the controlling
interest of this Pittsburgh, Lisbon &
Western.

"Simultaneously the Pittsburgh,
Lisbon & Western seeks from the
commission authority to construct
two branch lines of railroad. One
of these it is contemplated will run
from Negley, Ohio, down to the
Ohio river at Smith's Ferry, Pa.
The other will run from Mill Rock
on the present Pittsburgh, Lisbon &
Western, up into the Youngstown
steel manufacturing district.

Auditor's Assistants To Assess Property

Persons who have been appointed
to assist the county auditor in as-
sessing personal property have been
instructed to meet him in court
room, No. 2 at 10 a. m. Monday, re-
ceiving instruction and supplies. The
field work is to be completed on or
before June 1.

Many have failed to make tax re-
turns. It has been estimated that
more than 10,000 returns are now
being checked.

CAMPAIGN FOR HOOVER HELD TO \$250,000 LIMIT

Expenditures So Far Are
Listed At \$230,000

MOSES, SACKETT "GO-BETWEENS"

Secretary Reveals That
They Tried To Make
Deal With Goff

Washington, May 11.—Herbert
Hoover's campaign for the Republi-
can presidential nomination will not
cost more than \$250,000, the senate
campaign fund investigating com-
mittee was informed today by Hoo-
ver's principal manager, ex-Con-
gressman James W. Good.

Good estimated that the various
Hoover organizations throughout the
country have spent approximately
\$230,000 thus far.

The expenses of Hoover head-
quarters in Washington Good esti-
mated at \$49,150. The balance of
the money has been and will be
spent by the various state and local
organizations throughout the coun-
try, which were necessary, Good
said to combat "anti-Hoover propa-
ganda."

Names Moses, Sackett
Washington, May 11.—Secretary
of Commerce Herbert Hoover to-
day revealed that Senators George
H. Moses (R), of New Hampshire,
and Frederick M. Sackett (R), of
Kentucky, were the hitherto un-
named "go-betweens" in his efforts
to reach an agreement with Sena-
tor Guy P. Goff on the disposition
of the West Virginia delegation to
the Republican convention.

Goff charged Hoover sent him an
offer through an unnamed senator
to stay out of the West Virginia
primary if Goff would make him
(Hoover) the state's second choice.
Goff rejected the offer and termed
it an "attempt at moral bribery."

Hoover, when he testified earlier
in the week, declined to name the
senator who had spoken to Goff
in his behalf.

Today he named Moses and Sack-
ett as the "go-betweens" in a letter
to the committee.

OPPOSING BILLS FOR AIR MEDALS

Army and Navy say Those
In Ordinary Flights
Not Deserving

Washington, May 11.—The war
and navy departments have taken
steps to block nearly a score of
bills pending in congress for the
granting of congressional medals to
aviators.

Col. Charles A. Lindbergh, it was
indicated, will be the only trans-
oceanic flyer to gain the coveted
medals at the hands of this ses-
sion.

"The navy department considers
that the award of the medal of
honor should be most carefully
guarded and that it should be
granted only in pursuance of exist-
ing law, save for most exceptional
achievements, such as the trans-
polar flight of Commander Byrd
and the trans-Atlantic flight alone
of Col. Lindbergh," wrote Acting
Secretary of the Navy Robinson.

MAYOR TO SPEAK AT ELKS SERVICE

Lodge Will Have Mothers'
Day Program Sunday at
The Elks Home

Mayor Phil Hiddleston will give the
address at the Elks home Sunday
afternoon when Salem lodge No. 305,
B. P. O. E., will observe Mothers'
day with a special program.

The program will begin at 2:30
p. m., with music, and the lodge
ritualistic service will follow.

The service is open to the public.
Thursday night the lodge initiated
three candidates. Officers of the
lodge had charge of the work. A
lunch was served at the conclusion
of the meeting.

Final plans for the annual May
party, May 18, were announced by
the entertainment committee. Elks,
their families and friends will en-
joy this closing social event of the
season.

Dr. Gordon Speaks On Maine's Wonders

Dr. P. H. Gordon, who has a sum-
mer home in Maine, told of the
wonders of that state in a talk be-
fore the Kiwanis club Thursday
noon at the Memorial building.

The pastor called attention to the
unrivaled scenery in Maine, and told
of the potatoes which he classed as
second to none.

Rev. George Keister was chairman
of the program and introduced Dr.
Gordon.

The annual picnic of the club will
be held in July. President H. L.
McCarthy will name a special com-
mittee to make plans for this event.

Pennsylvania Has Key To Political Future Of Hoover

Saturday Caucus at Philadelphia to Set

Chance Hoover May Not Be Backed

Philadelphia, May 11.—The Penn-
sylvania delegation to the Republi-
can national convention will not
choose a "favorite son" at their cau-
sus tomorrow, but will go to Kan-
sas City unimpaired. W. L. Mellon,
chairman of the state committee in-
dicated here today.

It was reported that the Pennsylv-
ania delegates would be instructed
to vote for Andrew W. Mellon, sec-
retary of the treasury, on the first
few ballots, then switch to Herbert
Hoover, but the state chairman dis-
credited these reports.

Washington, May 11.—Pennsylv-
ania, the Keystone state, appropri-
ately enough holds an all-important
key to the political future of Her-
bert Hoover.

Tomorrow, the Republican big-
wigs of Pennsylvania will hold a
caucus and party conference in
Philadelphia, at which the policy of
Pennsylvania's 79 delegates to the
Kansas City convention may or may
not be determined. The Secretary

DRIVER CARRIES CASE TO LISBON

Alliance Man Denies That
He Drove Recklessly
On Damascus Rd.

Clyde Wells, colored, of Alliance,
was fined \$10 and costs on a charge
of reckless driving by Mayor Phil
Hiddleston Thursday. The charge
was filed by C. M. Dainton of Cleve-
land, who alleged that Wells was
driving recklessly on the Damascus
rd.

Wells posted \$100 bond for an ap-
peal to common pleas court.

Only one of the three drivers ar-
rested for driving while intoxicated
Wednesday night paid their fines.
Howard Earley of Sebring, paid his
fine Thursday and was released. He
was found asleep in his auto on Da-
muscus rd. by Patrolmen Jesse Gray
and Wilbur Hiddleston.

Harrison P. Kyle, Salem, who was
arrested at the city limits on Roose-
velt ave. Wednesday night after he
had crashed into a car owned by
P. F. Faith, Alliance, and Clyde
Nease, the third alleged drunken
driver, were released on their own
cognizance after making arrange-
ments to pay their fine.

Nease was arrested after he had
collided with the car owned by J. N.
Ernst, Canton on the Damascus rd.
Each of the three offenders plead
guilty before Mayor Hiddleston
Thursday.

Raymond Parshall In Phi Beta Kappa

Wooster, May 11.—Raymond Par-
shall of Salem, was received into
Phi Beta Kappa membership at the
annual initiation service of the
Kappa chapter of Phi Beta Kappa,
national honorary fraternity, at
Wooster college this week. Mem-
bership in this organization is
limited to students who have main-
tained a uniformly high scholastic
standing throughout their college
courses.

Dr. George D. Olds, formerly presi-
dent of Amherst college, delivered
the address which followed the
initiation and banquet. Dr. Olds
spoke on "One More Word About
Education." Richard S. Douglas,
Cleveland attorney, who was gradu-
ated from Wooster in 1910, made
the banquet speech.

Thirteen Wooster alumni and
nine seniors were initiated into Phi
Beta Kappa at this time.

VARIED PROGRAM FOR COMING CHAUTAUQUA

When the Redpath chautauqua
comes to Salem this season, patrons
will be housed in a new tent that is
the last word in canvas construction.
It will embody new features
not previously enjoyed at chautau-
qua, and will afford greater oppor-
tunity for special lighting and
scenic effects. Dates of the local
program have been announced as
Aug. 6 to 12, inclusive.

Opening with the Shumate Brothers
quartet, featuring saxophones,
trombones and cornets, chautauqua
will present a week of top-notch
entertainment. William Rainey
Bennett, known as "The Man Who
Can," is back on the circuit after
10 years' absence, and will speak on
the opening night.

Smith Damon, the potter crafts-
man, will give a unique demon-
stration of the clay art on the second
afternoon, and will work his pot-
ter's wheel on the chautauqua stage,
fashioning a great variety of vessels.

The tense drama of southern
mountain life, "Sun-Up" will be of-
fered by a New York cast on the
second night.

Lewis Will Return
Harold Lewis, who toured this
circuit two years ago, has organized
a string group of five people, who
will entertain on chautauqua's third
day, appearing with "Private" Har-
old R. Post, famed hero of the
World War, in his latest talk, "A
Long Way to Tipperary."

Perhaps the program announce-
ment that will be received with the
greatest enthusiasm here, concerns
the return of Ellsworth Gilbert and

WALTER HAGAN WINS BRITISH OPEN GOLF TOGA

Comes from Behind With
Typical Hagan Rush
To Cop Title

IS FIFTH TIME AMERICAN WINS

Pairs of 72's In Final
Round Give Walter
Total of 292

Sandwich, May 11.—Walter Hagan,
golf's greatest showman, put on
one of his best acts today when he
came from the rear with a typical
Hagan rush to win the British
open championship with a pair of
72's for an aggregate score of 292.

It was the fifth straight triumph
of an American in this once im-
pregnable British feature and the
third scored by Hagan himself and
in person, yet the Anglican Gallery
had become so injured to the sight
of an American winning that it
gave Hagan an ovation, even the
Prince of Wales joining the ap-
plause.

The victory was Hagan's first in
a major championship in four
years, unless the American P. G. A.
championship be included, and it
also afforded this slick young man
the satisfaction of a complete re-
demption from that 18 up and 17
to play defeat he sustained at Ar-
chie Compston's hands upon his
arrival in England.

Hagan wasn't ready for that test.
But he was more than ready this
week, his 292, while not quite in
the same class with Bobby Jones'
record 285 at St. Andrews last year,
being one of the best scores ever
made in the great fixture.

Hagan played brilliantly and
carefully by turns as he shot the
last nine, confident in the realiza-
tion that the man who won the
tournament would have to beat his
score.

He got quite a break at the thir-
teenth where a woman's foot provid-
ently diverted his ball to a better
lie, leaving him an easy pitch to
the green for a 4.

Walter started the event with a
casual 75 while Jose Jurado, the
Argentine, was burning up the
course. But the American merely
was biding his time for one of those
last day finishes for which he is
justly famous. Jurado cracked after
Hagan passed him by a stroke at
noon, and from that point, it only
was a question of whether Gene
Sarazen, another fighting American,
would be able to overtake the lead-
er.

Gene tried hard but the best he
could do this afternoon was a 73
for a total of 294, taking second
place and rounding out the usual
American triumph. Compston also
got a 73 to finish a stroke in Sar-
azen's rear at 295.

PROBE UTILITY SCHOOL BOOKS

Cleveland Board Member
Trying To Find Why
They Are Used

Cleveland, May 11.—Investigation
into alleged "propagandizing" of
Cleveland school children by large
public utilities interests has been
instituted by members of the local
board of education. It was learned
today, following a report from
Washington that a booklet prepared
by the Ohio committee on public
utilities information is being used
in schools.

"I propose to ask the school super-
intendent how the book was let into
the schools and why, and to put a
stop to it if I can," R. H. Davis,
member of the school board de-
clared.

Davis added that he was informed
that "thinly disguised advertising
for Cleveland department stores and
banks, in the form of pamphlets on
thrill of Cleveland history, also had
been used in schools."

Appeal Salem Case To Supreme Court

Columbus, May 11.—Appeal was
filed today in the Ohio supreme
court by Attorney K. L. Coburn,
Salem, as counsel for Ed W. Hall,
from the judgment of the Columbi-
ana county courts, which rejected
Hall's suit against Thomas Cadwal-
ader and S. J. Baxter.

The suit was based upon a claim
alleging false arrest and imprison-
ment of Hall.

OFFICIALS STUDY ADVERSE INCOME TAX DECISIONS

Treasury and Justice De-
partments Consider
Taking Appeal

Washington, May 11.—An appeal
from adverse income tax decisions
arising out of an effort to collect
additional taxes of nearly \$37,000,
000,000 from former Ford Motor
company minority stockholders was
considered today at a conference of
treasury and justice department of-
ficials.

Decisions of the board of tax ap-
peals which ruled that Senator Cou-
zens (R) of Michigan, does not owe
\$10,000,000 additional taxes and the
U. S. circuit court of appeals at Cin-
cinnati, holding that Mrs. Alice G.
Kales of Detroit, is entitled to a
\$2,627,209 refund of taxes illegally
collected, were examined.

The government has six months
in which to appeal the cases. The
Kales action may be taken to the
U. S. supreme court, while the Cou-
zens case would go to the circuit
court, if it appears that errors have
been made by the lower tribunals.

Former Solicitor of Internal Re-
venue A. W. Gregg, who prosecuted
the Ford cases for the government,
probably will be called into confer-
ence with Solicitor C. M. Charest to
determine whether an appeal is ad-
visable. Some doubt was expressed
that the government will take the
cases to higher courts in view of the
unanimous view of both the tax
board and the federal tribunals.

Some officials said that nothing
is to be gained by an appeal unless
the government can establish some
new method for calculating the
valuation of Ford stock in 1913, the
principal point at issue. The only
point of consequence involved in the
appeals—whether the treasury has
the right to reopen a tax case with-
out evidence of fraud—was decided
affirmatively. Hence the decision of
the board and courts sets no pre-
cedent unfavorable to the government.

No refunds are called for with the
exception of the Kales case.

Nine applicants for the two new

names of the applicants were not
revealed today by the commission.

Papers will be graded at a meet-
ing of the board next Wednesday
night. Appointments will be made
immediately after the commission's
certification.

CHINESE APPEAL TO LEAGUE TODAY

American Missionary Was
Killed In Tsinan On
April 29, Report

Tokio, May 11.—Japanese troops
have captured the entire Wall City
of Thinan, the war office announced
this afternoon.

The remnants of Gen. Feng's Chi-
nese soldiers that resisted Japanese
occupation fled through the rear
gate following a desperate but un-
successful counter attack.

The war office stated that as the
Japanese objective at Tsinan has
now been fully attained, no further
fighting between Japanese and Chi-
nese troops is expected.

The casualties in the fighting were
heavy.
Large numbers of Chinese were
taken prisoners.

American Is Killed

London, May 11.—Mrs. W. T. Ho-
bart, an American Methodist mis-
sionary in China, was killed by Chi-
nese at Tainanfu, said a dispatch
from Peking today. Mrs. Hobart was
attached to the mission at Tainanfu.
The killing took place on April
29, but owing to interrupted com-
munications in the battle zone,
news of it was just received in Pe-
king.

The dispatch did not say whether
Mrs. Hobart was killed by soldiers
or civilians.

China.

Appeal to League

Geneva, May 11.—The Chinese
Nationalist government at Nanking
appealed to the League of Nations
today to order the Japanese to with-
draw from China and cease hostilities
against the Chinese.

The Nationalist government urged

AVIATION ACCIDENTS

One hundred and sixty-five lives were lost and 149 persons were injured as the result of aviation accidents in the United States last year. This is the summary, the first of its kind to be made, given out by the aeronautic branch of the department of commerce, which, at the beginning of 1927, put into operation the plan of investigating every serious air disaster.

The summary carries many other figures, from some of which very profitable lessons may be had, not the least of which is that there is always added hazard in flying with an unlicensed pilot or in an untested machine.

The department's figures show that, of the 200 accidents suffered in 1927, only six occurred on scheduled flights over air routes and that only one of the seven persons killed in the excepted six accidents was a passenger, the six others being pilots. Of the 167 aeroplanes smashed in the 200 crashes, only 34 were government-licensed planes; while of the pilots killed, 83 were unlicensed and only 17 licensed. Of the 164 fatalities, 24 were found to have been made in experimental flights in planes which not only were untested, but were also of a character out of the ordinary line—machines of novel design. Mistakes made by pilots, the summary shows, were responsible for 78 deaths, or 48 per cent of all the fatalities of the year.

If the figures of the commerce department show anything, they show that flying with licensed pilots in tested machines on schedule flights over air routes is comparatively safe, and that flying in untested machines, or with unlicensed pilots, or on other than scheduled flights over air courses is hazardous. Scheduled flights over air routes mean straight flying—free from stunts—with tested and properly inspected machines handled by expert pilots. Any other kind of flying may mean anything and the one making them must necessarily assume an added risk.

JURIES FOR VAUDEVILLE

There is cause for mixed emotions in an incident that followed the acquittal of Harry F. Sinclair, oil magnate, by a Washington jury. A Baltimore amusement park owner promptly wired to the foreman offering the jury \$1,200 for a week's contract to appear in his theater. The offer was made, as he explained, "in the sincere belief that waiting millions are anxious to see the 12 tried and true citizens who returned this verdict."

The offer apparently was regarded seriously by the foreman, for he wired back: "We are still jurors; cannot give reply until discharged by the court."

Perhaps the court, if requested, would cheerfully have given permission for the immediate exhibition of the jurors.

The instinct of that Baltimore showman was sound. Millions would like to see what that jury, and various other juries who have won fame similarly, look like.

What Others Say

SAVE AMERICAN FORESTS

The Right Honorable Arthur Meighen, war-time prime minister of Canada, has issued a call for a united campaign in North America to save the forests that are left, through scientific lumbering, reforestation and education of the public in the matter of fire hazard.

This great problem of forest preservation is becoming more generally considered to be one of the most important among public questions. Mr. Meighen came to Chicago to discuss the question just as Theodore Roosevelt recently went to Canada to tell what has been done with reference to it in this country. With Mr. Meighen was E. H. Findlayson, Canadian forester.

Says Mr. Meighen: "It is a crime against our children to destroy the forests. The mad extravagance of the past has brought us to a critical situation. In the use of lumber today we are exhausting not only the income of the forests, but eighteen billion cubic feet besides."

In America we are using our annual income four times over each

year. Both countries are desecrating their forest areas faster than any country in the world.

As in the case of many other problems, legislation can not be passed that is capable of enforcing the objective sought—the saving of these forests. Who can control the fool and his cigar? Carelessly cast aside, or the camper who leaves his forest fire unextinguished?

These things before have been said in the Enquirer and by the press of the country generally, but perhaps their often repetition may result in educating the public to realize that a treeless land is devoid of the richest blessings of earthly life.—Cincinnati Enquirer.

JAPANESE ARE SORE

The fighting which has occurred between Japanese and Chinese Nationalist troops is likely to lead to unpleasant developments. Ignoring the Nationalist claim that Japan had no business landing armed forces on Chinese territory, the Tokyo government has decided to more than double its garrison in Shanghai, and has ordered warships to Tsingtao.

Thus the Nationalist leaders once more face their Japanese nemesis. On their northward drive last year they encountered the same obstacle in the same area, which lies across the path to Peking and victory. While on that occasion no armed clashes took place, Chiang Kai-shek decided that it would be unwise to defy the presence of Japanese soldiers, and he halted the offensive.

Much as one may be tempted to distrust Japan's professions of unselfish neutrality in the Chinese civil war, the Nationalist generals have only themselves to blame when anti-foreign excesses and looting by their undisciplined hordes provoke measures of retaliation. At Tsinau-fu scores of Japanese soldiers were killed and hundreds wounded, and Tokyo is clamoring for action to avenge the dead. Unless Chiang Kai-shek can calm Nippon and arrange to march around the Japanese military enclave in Shanghai, he may not get very far on the road to Peking.—Detroit Free Press.

The Stars Say—

For Saturday, May 12.
By GENEVIEVE KEMBLE.

THE dominant planetary forces for this day may not be considered entirely benefic, especially for those in employment, who are under adverse rule, and may have to labor to keep their positions. Patience and application, as well as trustworthiness, may win the day, but not irritability, impetuosity, nor yet trickery or underhand methods. Minor change is probable.

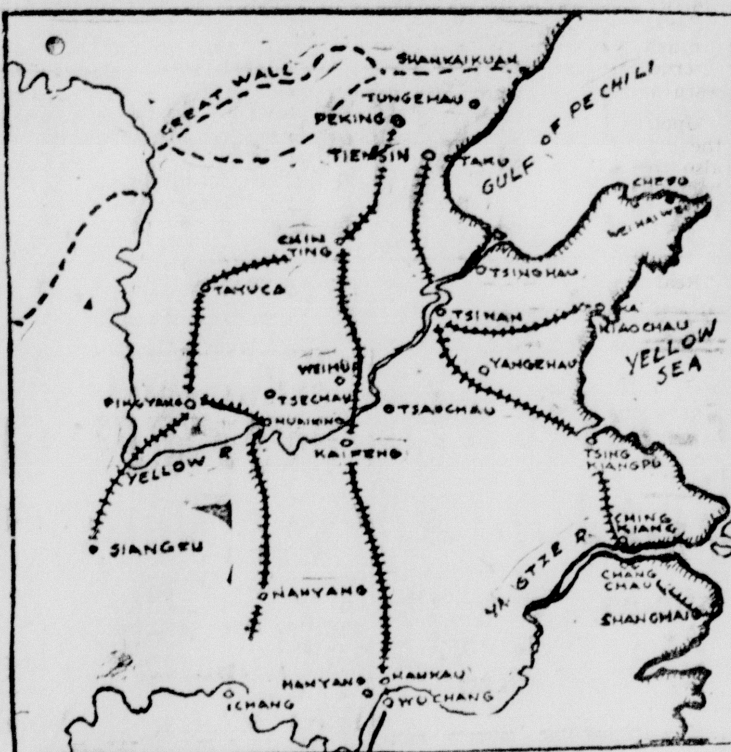

Those whose birthday it is are confronted by a year calling for patience, steadfastness, intelligence and prudence in order to hold the ground, either in business or employment. Beware craft and underhand moves and irritability.

A child born on this day should be given excellent training in perseverance, prudence and steadfastness if it is to make a success of its life.

The heart of the wise is as soft as the lotus flower in prosperity, but in adversity it is as firm as a mountain rock.

WATCH EFFECTS OF FEEDING ON BABIES

By Royal S. Copeland, M. D.
United States Senator from New York. Former Commissioner Health, New York City.

Unless the mother watches the baby carefully the bowels are likely to become constipated. This tendency is a common symptom in young infants.

There are many causes, of course, but almost every one of them relates to the feeding. Faults in eating are responsible. Giving too much sugar is one thing.

In making the formula for bottle feeding, a certain quantity of sugar is added to the mixture. This must be carefully controlled. The amount must be regulated according to the age of the infant.

It is a very bad practice to give too much sugar. And under no circumstances should sweetened water be given in place of plain bottled water.

The other day a charming woman whom I know very well, wrote to ask me if it is a good practice to give a baby sweetened water every day. There is but one answer to this—No!

Sugar and candy are not for babies and young children. Laxative is the penalty a child pays for being fed candy. It destroys the appetite for milk and, in consequence, there is not enough lime to supply the increasing need of that important mineral. Growth will be stunted and the teeth robbed of the necessary lime. By no means feed the young child candy.

It is a great mistake to create an appetite for sweets by giving the infant sweetened water. It develops an unnatural and improper appetite.

Too much sugar is such a common cause for constipation in infants that it should be thought of at once if the symptom is met. This is true, too, of giving too much fat. It may be necessary to take away all cream or top milk. For a while it will be wise to give plain milk, with the usual proportions of the other ingredients of the mixture.

Some baby foods are bought and mixed without milk. If constipation develops after their use, it will probably

be due to the fact that the food is too thick. His death was not due to poison liquor? Oh, no! Heart disease! "They never blame the booze!"—Chicago Herald and Examiner.

Salem was visited by three crooks Monday night and burglary was attempted at a saloon near the Pennsylvania depot.

It has been ascertained that the entire product of 86,000 dairy farms is necessary to supply New York with milk.

Every time an Ohio boy under 17 years of age smokes a cigarette he is violating a new law prohibiting the use of cigarettes and is subject to arrest and fine of \$10 or may be sent to jail.

Duluth, Minn.—Forest fires are threatening settlers' cabins in northern Minnesota and are sweeping many square miles of territory. Many of the fires were started by careless fishermen.

Woodward, Okla.—At least eight persons were killed and scores were injured by tornadoes Sunday night in northwestern Oklahoma.

Miss Eva Berry, of Washingtonville, has accepted a position with the Western Union Telegraph company at Toledo and left Sunday for that city. She was formerly employed in Salem.

Washingtonville—The Columbian Fire Clay company has signed the scale with the miners employed at its works here, and work was resumed Tuesday morning.

New York—Governor Hughes has announced that he would not accept the nomination for the vice presidency.

Chief Woods of the East Liverpool fire department was in Salem Tuesday morning and while here he

ably be necessary to turn to milk and water mixtures.

Orange juice added to the baby's diet may overcome the constipation. This is true, too, of strained cooked tomato juice.

If constipation is associated with chronic vomiting, it may be set down as due to the same cause. You need expert advice given by your doctor after a careful examination of the baby. Take no chances and, above all else, do no experimenting of your own. Babies must not be trifled with even by a loving parent.

Your doctor will mention the value of gelatin as an addition to the feedings if there is a tendency to constipation. Sometimes there is a tendency for the milk to form large and indigestible curds in the stomach. The unfortunate state of affairs. A level teaspoonful of the right sort of gelatin to a feeding will help a lot.

Answers to Health Queries
T. Q.—How can I reduce my weight?

2—What causes hiccoughs when drinking carbonated drinks in particular?

A—Cut down on the amount of sweets and starchy foods in your diet and take regular systematic exercise daily. For further particulars send a self-addressed, stamped envelope and repeat your question.

2—You may drink it too fast, or on an empty stomach. Hiccoughs are generally due to some intestinal disturbance. For further particulars send a self-addressed, stamped envelope and repeat your question.

N. B. W. Q.—What can be done for rheumatism in the legs? I can hardly walk.

A—Massage and application of heat should give relief until the source of infection has been located and further treatment advised. For full particulars send a self-addressed, stamped envelope and repeat your question.

E. P. D. Q.—What do you advise for pimples?

A—Correct the diet, by cutting down on sugar, starches and coffee. Eat simple food and avoid constipation. For further particulars send self-addressed, stamped envelope and repeat your question.

X. Y. Z. Q.—What causes a red nose?

A—Poor circulation, indigestion and constipation are usually at fault for this trouble. Send self-addressed, stamped envelope for further particulars and repeat your question.

Inspected the fire department. He made some useful suggestions in regard to the chemical extinguisher.

Mrs. Frank Prosser, of Oakland Calif., who has been spending several weeks with relatives in this city, left Tuesday morning for her home in the west.

One more step toward completing the lineup for the Salem nine was added Monday evening when Manager Steverding signed Pitcher Diehring of Canton for the season.

Keep youth longer!

cleanse the system of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

COURT NEWS

Few Grand Jury Cases
Unless a major criminal case develops before June 1, it is not likely the grand jury will be summoned before the opening of the fall term of court.

But one or two cases remain to be disposed of on indictments returned by the April grand jury, and since then very few criminal transcripts have been filed with Clerk of Courts Frank Ballantine. These are in

the main classified as misdemeanors. In the event those committed to the county jail in default of bond for the next term of court do not furnish bond in the meantime, such prisoners will be held by Sheriff George Wright until the opening of the new court term.

Given \$250 Verdict
A jury in No. 1 court room has returned a verdict for \$250 in favor of the plaintiff in the case of Virginia Hamilton against the Chester Construction Co. The plaintiff in this case sought \$10,000 damages as a re-

sult of a motor wreck, the petition having been filed March 2, 1926.

Sues For Groceries
Through his counsel P. V. Mackall of East Liverpool, Andy Maroco, a grocer at West Point has filed his petition in common pleas against Eon Vicharick, claiming there is \$288.47 due the plaintiff for groceries sold the defendant. Vicharick resides at West Point.

Foreclosure Proceedings
Foreclosure proceedings have been entered in common pleas by Ralph

Charlton, Jr., executor of the estate of Elizabeth Charlton, against P. E. and Emma Bycroft, 352 West Martin st., East Palestine. The plaintiff seeks judgment also for \$600 and interest from Oct. 9, 1918. Liens are also asked to be marshaled in this action.

Wife Asks Divorce
Charging her husband with extreme cruelty, Helen G. Farrell through her counsel Cochran & Crawford of East Liverpool, has filed a petition for divorce in common pleas court against her hus-

band George F. Farrell, of 220 Ravine st., East Liverpool. They were married at Chester, W. Va., March 15, 1922. Mrs. Farrell declares that the defendant has adopted a course of cruel and inhuman treatment toward her.

Upon final hearing of the case the plaintiff asks for a decree, and also that the court restore her to her maiden name, that of Helen G. Fisher.

Real Estate Transfers
Real estate transfers have been

recorded with County Recorder Paul Smith as follows:
Ralph McAllister to Frank N. Doan, lots 16 and 17, Dungannon, \$1. A. L. Baker to Charles L. Fairbanks, 24.32 acres, section 16, West township, \$10.
Dewey Longanecker to Pasquale Mancuso, lots 944 and 946, Leetonia, \$100.
Samuel Meredith and others to George Thurston and others, one acre, section 19, Elkrun township, \$200.
George W. Waggoner and others to Malcolm H. Mowrey and wife,

lot 5084, Calhoun's addition, East Liverpool, \$1,800.
Affidavit for transfer of real estate inherited from James W. Gardner by Anna B. Gardner and other heirs, lots 4511 and 4512, Oakland Land Co.'s addition, East Liverpool.
Minnie G. Milligan and others to Claude C. Ruckman and wife, same lots, \$5.
Elmer G. Christman and others to Fanny Christman, lot 48, Hanover-ton, \$1.
John R. Madden and others, to William Madden and wife, lot 44, original tract, Wellsville, \$1.

65 TO GRADUATE AT LISBON HIGH

Commencement May 31; Baccalaureate May 27; Shelton to Speak

Lisbon public schools will close June 1 and the High school commencement will be held in the auditorium the evening of May 31.

There are 65 in the Senior class who will graduate this year. This is one of the largest classes in recent years. Last year there were 40 in the class.

Rev. R. K. Caulk, rector of St. Stephens Episcopal church of East Liverpool, will deliver the baccalaureate sermon Sunday afternoon, May 27 at the school.

Frank Shelton, superintendent of schools at Springfield, O., will be the commencement speaker. Diplomas will be presented the class by Supt. Lee D. Kepner.

"Teabound" is the title of the class play that will be given at the Lisbon Opera house the evening of May 29. This event is under the direction of Miss Sadie Van Fossen, principal, and Miss Helen Ramsey, instructor of public speaking.

The senior class is composed of: Grace Amos, Adna Armstrong, Alpheus Arter, Anna Bernier, Margaret Binsley, Virginia Caldwell, Dorothy Cammeron, Anna Chalkik, Alta Coulson, Harold Crook, Camilla Crosser, Margaret Cubbage, Dorothy Deemer, Faye Dickes, Jay Dickinson, Martha Derrance, Gladys Dyke, John Esholtz, Roger Eells, Ruth Finch, Thirl Flugin, Alice George.

File Mandamus Suit To Compel Brown to Appear in Another

Columbus, May 11. — Seeking to compel Secretary of State Clarence Brown to appear in court, a mandamus suit was filed today in the state supreme court, asking that the appointment be made effective as of May 1.

Chief Justice Marshall issued an alternative writ requiring Secretary Brown to either appoint Best or to show cause why he should not do so. The alternative writ was made returnable on May 19.

Brown recently named Perley L. Hazen, Republican of Zanesville, as a member of the election board in conformity with the recommendations of the state central committee.

VARIED

(Continued from Page 1)

His great shining organization. This group, known in 1927 as "The Roman Revelers" was rated the highest of any attraction that has appeared here in many years. The personnel of the company is much the same as last year, but the program will be of an entirely different type. Mr. Gilbert himself will be in charge, and costumes and scenery will be used effectively. On the fourth day with the Gilbert company, will be Frederick M. Saxton, in his lecture, "Up in Arms With Empty Hands."

Trained Pigeons

One of the most unusual events of chautauqua week will be an exhibition of trained pigeons by Frank H. Hollmann, editor of the American Pigeon Journal, Warrenton, Mo. With a capable assistant, he will present one of the most remarkable displays of trained birds. In the evening of Mr. Hollmann's day, there will be presented that great comedy hit, "Tommy," which recently closed sensational runs in both Chicago and New York.

On chautauqua's last afternoon, local boys and girls will offer a minstrel, under the direction of the junior supervisor, whose work always is a valuable feature of chautauqua. A big musical finale will be enjoyed in the Solis Marimba Band, Central American company that has played in some of the largest New York theaters during the past year.

Lost Art of Individuality

Nobody wants to be individual all these days. Alike as rabbits, we are. Running with the pack, one hobs, and millions seek the shears. One skirt slips up to the knees and all the other skirts spring up into place as at a given signal. One woman decides not to bother with all that bleaching her summer tan, and deep ochre powder becomes the rage. Men echo each other in opinions—they've always echoed each other in clothes—women repeat one another in faces, in the type of head (no large heads any more, heads must be small no matter what Nature has done to you), in clothes and in conduct. We're as standardized as Ford's. Even artists look like business men—and yet they don't feel or think like business men. And young girls look and act like women of thirty. And women of fifty can't tell themselves from their daughters.—De-linctor.

Holy Trinity Church Has Special Program For Sunday Services

Holy Trinity English Lutheran church will observe Mothers' day Sunday with a special program at the Sunday school hour. At the morning service the pastor, Rev. George D. Keister, will preach a sermon appropriate to the occasion and there will be special music.

Invitations have been sent to 20 babies and their mothers to attend Sunday school and this program has been planned for the occasion: Cradle roll song; exercise, "The Little Open Gate"; recitation, "Opening the Gate," Bobby Beck; exercise, "The Golden Chain," Doris and Dorothy Hinkle; prayer by the children; Rosebud welcome to babies and mothers; vocal duet, "What God Made Mothers For," Mina and Galen Greenstein; recitation, "Mother Love," Ross Seese; recitation, "The Fairest Flower," Harriet Len-hour; a tribute to Mothers; song by the school; prayer.

Trained Pigeons

One of the most unusual events of chautauqua week will be an exhibition of trained pigeons by Frank H. Hollmann, editor of the American Pigeon Journal, Warrenton, Mo. With a capable assistant, he will present one of the most remarkable displays of trained birds. In the evening of Mr. Hollmann's day, there will be presented that great comedy hit, "Tommy," which recently closed sensational runs in both Chicago and New York.

On chautauqua's last afternoon, local boys and girls will offer a minstrel, under the direction of the junior supervisor, whose work always is a valuable feature of chautauqua. A big musical finale will be enjoyed in the Solis Marimba Band, Central American company that has played in some of the largest New York theaters during the past year.

No Request Is Made For Link In County

Although Jefferson county commissioners propose to improve a road from Bergholz north to the Jefferson-Columbiana county line, in the hope that the Columbiana commissioners will construct a short piece of road south from Salineville to connect with the Jefferson county road, no official request has come to the commissioners from Jefferson county. It was declared today by County Surveyor Lloyd C. Kirk.

LEGAL NOTICE

State of Ohio, Columbiana County, ss. In the Probate Court, M. B. Krauss, administrator of the estate of Peter Reinert, deceased, plaintiff, vs. Peter Reinert, Jr., et al., defendants, Case No. 2942. Peter Reinert, Jr., Elizabeth Reinert, Weiner, Susanna Reinert and Anna Reinert, who reside at Boggs, Roumania will take notice that M. B. Krauss, administrator of the estate of Peter Reinert, deceased, on the 4th day of May, 1928, filed his petition in the probate court of Columbiana County, Ohio, alleging that the personal estate of said decedent is insufficient to pay the debts and charges of administering his estate; that he died seized in fee simple of the following described real estate, to-wit:

Situated in the city of Salem, county of Columbiana and state of Ohio. And known as being bounded and described as follows: Beginning in the southeasterly line of outlot number four (4) in John Stranghaus addition of out lots to Salem, Ohio, said beginning place being in the line of Newgarde street and being at the southeasterly corner of a lot of land conveyed by said Warren W. Hoie and wife to Martha Sterling by a deed dated the 20th day of February A. D. 1892; run from thence in a northeasterly direction along said Sterling line, about one hundred ninety-one (191) feet to land formerly owned by J. E. Chisholm, now owned by the Pittsburgh, Fort Wayne and Chicago Railway company; thence in a southeasterly direction along said Chisholm line, about forty (40) feet and six (6) inches, but to the lands conveyed by the said Warren W. Hoie and wife to the Pittsburgh, Fort Wayne and Chicago Railway company by a deed dated the 22nd day of March, 1892; thence in a southeasterly direction along the line of said railway company's lands about One Hundred Ninety-one (191) feet to the line of Newgarde Street; thence in a northeasterly direction along the line of said Newgarde Street, about forty (40) feet and six (6) inches to the place of beginning, being the same premises which were conveyed to the said Andy Wagner by John S. McNutt and wife Ida by a deed dated the 22nd day of July, 1912 and recorded in volume 402 page 155 of the Columbiana county records on the 11th day of July, 1917.

That Susanna Reinert, the widow of said decedent is entitled to dower in said real estate. The prayer of the petition is for the assignment of dower in said property and that said property be sold to pay the debts and charges aforesaid. Peter Reinert, Jr., Elizabeth Reinert, Weiner, Susanna Reinert and Anna Reinert are hereby notified that they have been made parties defendant to said petition and that they are required to answer the same on or before the 16th day of July, 1928.

M. B. KRAUSS, Administrator of the Estate of Peter Reinert, deceased.

Our New and Greater Store Opens Tomorrow

Greater In Size - Greater In Service
Greater in the Savings Opportunities
For The People Of Salem

The opening of our New Store tomorrow will mark an important milestone in the history of Salem's retail shopping service. In its spacious proportions, cheerful surroundings and improved facilities to serve you, we feel, the New Store does credit to the progressive spirit of Salem.

At The Most Accessible Location In Town

Our new business home at the corner of Main and Lundy Streets will be easily accessible to our patrons from outside of Salem as well as to our friends in town. Thoroughly modern fixtures and lighting equipment have been installed throughout the store, and everything possible has been done to assure your personal comfort and convenience while shopping.

New Departments

Special features of the New Store will be the new Millinery Department, Notion Department and Pictorial Pattern Department. We believe these newly added features will be a welcome bit of news to our hundreds of women customers. All our present Departments have been more completely stocked, offering a greater diversity of materials and patterns to choose from.

RULER'S MOTORS ARE LUXURIOUS

Painted Cobalt Blue and
Have Gold Trappings
To Hold Bottles

London, May 11.—What are believed to be the most luxurious appointed automobiles in the world, even more ornate than those made to order for the stars of Hollywood, have just been completed here for the personal use of the Gaekwar of Baroda, one of the wealthiest Indian potentates, and his wife, the Maharanee.

The cars—one for the Gaekwar and one for his wife—were ordered when the Indian rulers were in London on a recent visit. That of the Gaekwar is painted cobalt blue, and the Maharanee's is in a harmonizing shade of cobalt violet.

Gold Trappings
The Maharanee's car is fitted with solid gold trappings to hold her scent bottles and needle-case. The door handles are also of gold, and underneath the rear seat is a special rack of silver to hold the Maharanee's umbrella, a thermos flask and a number of cut-glass goblets.

The Gaekwar's car is also fitted with gold. It has a cigar lighter of that metal, and silver vases for flowers. One of its most striking characteristics is a windshield of blue glass, which the Gaekwar ordered especially to ward off the blazing sun when he is motoring in his native land.

The cars have been under construction for several months. They embody the most modern principles and the finest examples of the coach-maker's art. The door handles have been engraved in intricate designs, and the seats, which are inflated with air, are covered with costly silk. There is a rug of real chinchilla in the Gaekwar's car, and both machines have been fitted with hidden lights in the floor that flood the interiors with illumination as soon as the doors are opened.

Luggage Cases
"The Gaekwar's request were comparatively easily dealt with," a representative of the firm which built the cars told International News Service, "but the Maharanee took endless trouble to decide what she was going to have."

"One thing they both wanted, though, was a massive luggage case fixed at the back of the cars. They

wanted them to look like 'ten chests,' and we designed them that way."

The chests, bound around with several feet of heavy metal casing, are studded with shiny locks and bolts.

High School Notes

Last night the Hi-Y-Club held a meeting in the high school and elected officers for next year.

Wade Loop was elected president. Robert MacCauley, secretary-treasurer and Robert Van Blaricom, vice president.

The Hi-Y-Club has taken the responsibility of selling programs at the county meet Saturday and refreshments at the district meet. The boys also decided to have their annual picnic at Silver park Alliance. This outing is set tentatively for June 1st.

TO BROADCAST CONVENTION BY IMPROVED PLAN

Western Electric Co. Is Arranging Special Wire Hookups

Chicago, May 11.—While Republican and Democratic forces are lining up for a finish fight at Houston and Kansas City, at the national conventions, a complicated communication system is being perfected to assure adequate connections.

Phone installations have been authorized from the rock ribbed coast of Maine to the sun-kissed stretches of California, according to officials of the Western Electric company.

Telephone and radio manufacturing experts here are rushing to completion plans which will make the conventions the most widely broadcast in history.

Special Hook-Ups
From Washington, urgent requests that a flood of special "hook-ups" be completed as soon as possible are coming from prominent political candidates, according to Western Electric officials.

Four main phone and carrier systems are being constructed from Kansas City. One involves a special series of carrier current lines to St. Louis, another special link with Minneapolis, a third a new wired "hookup" between Denver and Sale Lake City, and a fourth an installation terminating at Oakland on the shores of the Pacific.

All sections of the country demand close connection by wire with the conventions. Politicians who do not attend the conventions will sit in their homes and offices and "pull the strings" over special lines to Kansas City and Houston.

Plans of publicity experts of the two conventions will be reflected in added telephone, telegraph and radio facilities running to ninety of America's leading cities.

Three prominent centers will be used as focal points for distributing convention gossip to smaller towns and villages in their vicinity.

Radio's Part
Radio is expected to play an important part in the 1928 convention. Broadcasting systems for both conventions already have been mapped out, and preparations are under way.

Most of the equipment for broadcasting is being made now in Chicago. Floods of radio orders coming in here at the Western Electric plants since January give evidence of the magnitude of plans to inform the country of every move being made on the floor of the conventions.

Every possible ballot marker, apparently, will listen in to some part of the hullabaloo, which goes with selecting a presidential candidate.

For the convention floor, special loud speakers are being constructed to permit of orators and chairmen to drown out the roars of hecklers and the chatter of delegates.

Size of Investment Sways Farm Profit

Shoeing profits on the farm come from "shoeing" investments, just as in any other industry. Volume of business done with a farm plant is just as important a factor in farming as in other activities, it is concluded by J. C. Neff of the Ohio State university, after analyzing the accounts of 47 Franklin county farms which were kept for 1927 by the farmers with the assistance of I. S. Hoddinott, county agent.

The 10 farms with the highest labor incomes, an average of \$2955, were compared with the 10 farms having the lowest labor incomes, an average of \$242. Neff found that the high income group had 12 more total acres and 21 more crop acres, than the low income group average. "This meant that they had a larger business, a chance to make a higher labor income, and also a chance to lose more," says Neff. "Not the size of the farm nor the capital invested, determines labor income. A large farm and a large investment are liabilities. The volume of business done on the farm is what counts."

Taxes, depreciation on machinery and business, interest on investment, and some other expenses, are the same on a given farm, regardless of what the cash receipts may be.

"The high 10 farms averaged \$2698 more cash receipts for the year than the 10 low farms, but only \$375 more in cash expenses."

Haydn Manuscript Is Found In Church

Vienna, May 11.—A hitherto unknown manuscript of Haydn, the father of modern music, as he is often referred to, has recently been discovered in the church library of the Church of St. Jacob at Burghausen, in the province of Salzburg. The composition is a Requiem in C minor, and bears the title "Requiem in C-minor, a Canto del Signore Giuseppe Haydn—perpetual ad chorum St. Jacobi parochie ecclesiae Burghausensis."

It dates from 1870 and is complete but for the lost viola music. Experts state that it is one of the best of its kind composed by the great musician.

The first performance of the Requiem will take place on June 21, in the Othmar church in the old town of Metzing, near Vienna, in connection with the Schubert Centenary festival.

The Lesson
If youth, with all its progressive, and buoyancy, could only learn one great lesson that comes with advancing years, so much disillusionment and unhappiness would be prevented. If youth could only learn, while it is still youth, that there are certain fundamental things which it cannot do and "get away with," certain things that must be done and must not be done, certain things that are not only conventional but essential, half the tears of boyhood and girlhood would never flow.—Grove Patterson, in the Mobile Register.

His Recovery
"At one point in my career I was given up by several doctors to die," stated Unel. Feebles. "The three best physicians gave me up, and then four doctors from farther away gave me up in rotation, each from his favorite incurable disease. Later they all gathered around in solemn conclave and gave me up in unison from seven different maladies for which the medical profession knows no cure. Soon after, because they were letting me alone, I got well on my own hook."—Kansas City Times.

Obituary

MRS. NATHAN WINSLOW
Mrs. Emily H. Winslow, 58, wife of Nathan Winslow, died of diabetes at 8 a. m. Friday at her home, 237 Newgarden st., following a week's illness.

Mrs. Winslow was born in Iowa and spent her early life there. She came to Salem in 1900 and had lived here ever since. She was a member of the Willbur Society of Friends.

Surviving are her husband; one sister and two brothers, Rachel A. Lelewellyn and Cyrus D. Holloway, Salem, R. F. D., and Eli F. Holloway, Scotts, Neb.

The funeral will be at 2 p. m. Monday at the Middleton Friends' meetinghouse. Friends may view the body any time Saturday at Stark's funeral home, McKinley ave.

RUTH WEIGAND
Relatives and friends here have received word of the death of Ruth Weigand, five-year-old daughter of Mr. and Mrs. Lewis Weigand of New Castle, Pa., which occurred at 10:30 p. m. Thursday following a mastoid operation. Mr. Weigand formerly lived in Salem.

The body was taken to the home of her grandparents, Mr. and Mrs. Ammyn, Girard.

INFANT HARTMAN
Martha Mary Hartman, four-day-old daughter of Mr. and Mrs. Edward Hartman, R. D. No. 4, Salem, died at 9 p. m. Wednesday at Salem City hospital. Interment was in Hope cemetery at 2 p. m. Thursday.

TWO CHARMING STYLES

Paris does many delightful things with side treatments, and the model to the left is an example of the chic which may be attained by placing all of the fullest of a frock at one side. Crêpe satin is the material used, the skirt having two sections each in the front and back. The blouse is shirred at the shoulders, and also has a drape at the side. Medium size requires 3 1/2 yards 39-inch material.

Transparent velvet, the aristocrat of the season's material, is the logical selection for the next design, which widens its lower edge by allowing each side to flare below the hips. Plain silk forms the deep revers, vestee with square neck, and flaps of the pockets. Medium size requires 3 1/2 yards 39-inch figured and 4 1/2 yard plain material.

Second Model: Printed Pattern No. 4024. Sizes 14 to 18 years and 34 to 44 bust, 45 cents.

Butter Making Not Always Farm Task

Making butter for the use of the family is by no means a unanimous practice in Ohio farm homes. This fact has been developed in an analysis of accounts for 48 farm homes, kept with the assistance of home

demonstration agents from the extension service of the Ohio State university.

Only 38 of the 48 families made butter for themselves during the year, and not all of them made enough to satisfy the requirements on their own farms, as indicated in the report that 40 of the 48 families bought butter during the year, some of them in order to supplement the supply from the home churns.

In all, 59.9 per cent of the butter used on these farms was produced on the farms where it was used. As regards whole milk, the situation was very different since 47 of the 48 families produced and used whole milk during the year. One family produced no milk, and eight

RADIO 994 RADIO

did not produce enough for their own needs, so bought extra milk. Of the milk used by all 48 families, however, 99.6 per cent was produced on the farms where it was used.

Salem Host To County High Schools' Track Teams Saturday

FIRST TIME MEET HAS BEEN STAGED HERE FOR YEARS

Hope for Favorable Weather tomorrow when 25th Annual Classic Will Be Held On Reilly Field; Plans Completed

Provided weather conditions remain favorable, Reilly field will be the scene of one of the best meets in years when the Columbiana county high school tracksters gather for the 25th annual track and field events at the Salem High athletic field Saturday.

Prelims are at 9:30 a. m.; finals at 1:30 p. m.

The field was pronounced in almost perfect condition by Coach Springer Thursday after the final practice of his team previous to the meet. Salem now has one of the finest athletic fields in the state.

The largest crowd ever to attend a county meet is expected tomorrow. It is unfortunate that the concrete bleachers, which will be ready for the district meet crowd the following Saturday, will not be completed by tomorrow, and the accommodations will not be as good as Salem officials hoped. Several sections of temporary wooden bleachers have been erected, however, to take care of part of the crowd.

W. F. Simpson, principal of Salem High, stated today that "we would

HAIL MACK AS 'MIRACLE MAN' FOR A'S WORK

His Team Has Lost But One Game Since Apr. 18th; Not So Bad

BY DAVIS J. WALSH

New York, May 11.—There seems to be nothing for it but to open the attar of roses today and sprinkle its essence over the physical sub-division known as Connie Mack.

He is entitled to something special right out of the neck of the bottle for what he has done, or seems to have done, for, with and to the Philadelphia Athletics of 1928.

The Athletics, a sardonic soul called them once. But that was some years ago when they were endeavoring to recover from their 1915 debacle and were playing class ABC ball during the process. Today, they are about as apathetic as the Wall street explosion.

Forty-one runs in their last five games, an average of eight and two-thirds hits, an average of more than 13. That's apathy, provided you think St. Vitus was maybe a bit too stolid for England's standing army. The Athletics are the only club in either major league that has lost but one game since April 18, 1927, have won 11 in the meantime for a percentage of 917 and, if someone doesn't stop them soon, the American league race is due to be closer than a coat of paint. Yankees or no Yankees.

Has Needed Forces

The immediate answer is that, for the first time since 1914, Connie Mack seems to have marshaled all the forces that go into the creation of a winning combination—hitting, pitching, reasonably fair defense behind the pitcher and the will to win.

The outfit had hitting in 1926 and 1927 but the pitchers didn't have much beyond the right idea. But today Grove and Walberg are standing up like a best man and lately Remmel and Quinn have begun to show signs of human life. Of course, everybody is winning with a club that plays at the rate of 917 over a period of three weeks but the boys have been very particular about the number of runs they allow, anyhow.

Over the last five-game stretch, the opposition, which happened to be the Detroit Tigers and the St. Louis Browns, averaged less than three runs a game, which, like the four-cent nickel, isn't quite enough. The Browns had gone well in Washington; the Tigers were perking up in the west and in Boston. Maybe you think it isn't possible to perk down. But I know it is, because that is what the Browns and Tigers did in Philadelphia during the last seven days.

READY FOR BIG RACE ON SUNDAY

100-Mile Event Attracts Noted Drivers To The Akron Speedway

The first 100-mile race ever contested under the A. A. A. at the Akron-Cleveland speedway will be held Sunday.

Men known throughout the nation for their skill and daring in piloting speed cars will face Starter Frank Norton of Toledo.

No event in recent years has attracted such attention in this part of the state and present indications point to a crowd of 20,000 or more. Hundreds of box seats and general admission tickets have already been sold and B. Ward Bess, track manager, is confident that a new attendance record at the board oval will be established.

Elimination trials will be held Sunday morning and the 12 fastest cars will face the starter at 3 p. m. W. D. Edburn of Detroit, who has handled the international race at Indianapolis for the last ten years will be the A. A. A. representative. Capt. Leavell will do the timing with an electrical timing device.

At least six drivers entered in the Akron event Sunday will start in the Memorial day classic in Indianapolis this year.

Topping the list of contestants is George Souders, the Hoosier pilot who rode to victory at Indianapolis last year in a Deutsberg at an average speed of 97.54 miles per hour. He will drive his famous speedwagon in the 100-mile event. Other contestants in the big event here include:

Wilbur Shaw, who finished fourth in the Indianapolis event in 1927; Dutch Baumann, who led the pack for 20 laps in last year's 500-mile event; Al Cotey of Chicago, who was in third place in the international when universal joint trouble forced him to quit; "Whiz" Sloan, well-known Akron speed artist; Bruce Miller, an Indianapolis starter last year; Wm. Chittus, winner of three events over the Akron oval; Harold Phelps, Paul Best, Elmer Leopold, Chester Miller, Roy Goodwin, Speed Gardner, T. M. Lewis, Earl Johnson and H. E. Seabright.

In case of heavy rain the event will be run Sunday, May 20.

Allen, Roessler Attraction

Lowell "Little Rib" Allen and Keith "Mutt" Roessler, Salem High's star pole vaulting "twins" will be the big attraction at the county meet.

Both Allen and Roessler are expected to break the county record in the vault which Allen set at 11 feet 9 1/2 inches in 1925, and a keen battle between the pair is anticipated for first place.

The two tied in two of their meets so far this year at 11 feet 1/2 inch and 12 feet 1/2 inch. Allen in the first meet of the season won the national indoor championship at Chicago, Roessler finishing second.

It is hoped that Allen will be able to duplicate his record-breaking jump at Madison, Wis., where he

Salem, Liverpool Strongest

Preliminaries in the meet will start promptly at 9:30 and the time order as fixed by the state athletic association followed through the day. Each school may enter three men in every event, but only two of those entered may start.

This ruling, fixed by the state will eliminate Salem's chance of monopolizing every place in the pole vault, as Springer will not be permitted to enter Hutchison and Gregg as he had hoped. It will also hit the Salemites in the high jump, as Springer has Allen, Roessler, Gregg, and Shilling all able to clear the bar at 5 feet six.

Columbiana High was at Reilly field working out last night, and presented a fairly formidable looking bunch of boys.

The outfit is not regarded seriously as contenders, due to the strength of the Salem and East Liverpool teams. According to advance dope and past performances these teams are expected to have a real battle for the championship.

Preliminaries will be finished up in the morning and finals run off in clock order during the afternoon. During the noon hour, visiting

KREMER LOSES ANOTHER GAME

Makes Poor Showing For Pirates This Season; Ruth Hits 7th

New York, May 11.—The ineffectiveness of May Kremer has been the chief cause of the Pirates' poor start this season. He has won only one game in five starts.

Yesterday Kremer was beaten by the New York Giants, 5 to 4.

The Pirates dropped to fifth place. The Giants increased their hold on first place, as Cincinnati lost to Boston, 7 to 6, in 10 innings.

St. Louis nosed out the Phillies, 5 to 4, and jumped to third place. The Phils haven't yet won a game in the west.

Babe Ruth's seventh homer of the season, with two runners on the sacks staked the Yankees to a 4 to 2 win over Cleveland. Pippen and Hudlin did the throwing. Pippen, with five victories and no defeats, is now leading the pitchers of both leagues.

Bob Fothergill's bat won another game for Detroit. Robust Robert's double in the 10th, his third hit of the game, gave the Tigers a 6 to 5 victory over Washington.

Walloping three St. Louis pitchers for 19 hits, the Athletics chalked up their fifth straight victory, 11 to 1. Joe Hauser hit his sixth homer.

The Red Sox folded up under the curves of Blankenship of the White Sox and slid back into the old homestead, the American League cellar. Score: Chicago 9, Boston 2. Bill Regan, Boston second baseman, made his first error.

Chicago had lost seven straight.

FIGHT RESULTS

At Detroit—Kid Francis, Italian bantamweight champion, outpointed Vic Burrone, New York (10).

As Passaic, N. J.—Eddie (Cannonball) Martin kayoed Tiger Brown (1).

At Springfield, Ill.—Les Marriner, University of Illinois heavyweight, stopped Joe Burke, Detroit (1).

Monte Carlo Gaming Figures Show Drop

Monte Carlo, May 11.—The man who beat the bank at Monte Carlo that almost mythical person, seems to have a lot of brothers. No individual sensations were reported during the last season but the Casino report for the fiscal year showed the gross income was \$369,000 less than that of 1926-27.

This resulted in a drop of \$250,000 in the net income. Despite this unfavorable year a share of \$20 stock won a dividend of \$29, the same as for the preceding year.

The fellows have a fighting heart now that is hard to down. Grange said: "Speed is the thing that counts now and all of the men know that they will be dropped at the least show of indifference. The midnight zero hour will be strictly enforced and those who fail to check in will receive their hundred dollars transportation deposit and be on their way home within a few hours."

Pyle's caravan is increasing its attractiveness with each passing day. The canvas sidewalk within which the runners are introduced becomes a magnet that tempts with cheering hundreds. Last night more than one thousand persons defied rain to get a peep at the runners in "Pyle's popular prices that please plenty."

BROWN RALLY BEATS SMITH IN GIRLS LOOP

"Brown," scoring 17 runs in the fifth and last inning in their game with "Smith" in the high school girls baseball league, defeated Smith Thursday, 27-22. Smith was enjoying a 12 run lead when the big Brown rally reversed the score.

Eleven home runs were tallied during the game. Zelle hitting four, Jones, Wiggers, and Yeager each two, and Roth and Carnes one.

Following the game 25 members of the four teams in the league held a steak roast at Lake Placidia.

HAGAN SHOOTS WELL INTO LEAD

His 33 Out Puts Him One Shot Ahead of Jurado In British Open

Sandwich, England, May 11.—Walter Hagen forged ahead of Jose Jurado, the South American, today by shooting a beautiful 33 going out in the first of the two final rounds of the British open championship.

Hagen's 33 gave him a total of 181. Jurado took 37 for his first nine holes this morning which brought his total up to 182.

"Sir Walter" played brilliantly throughout this morning. His card: Out—5 4 4 4 4 3 4 3 4—37. In—5 4 4 4 4 3 4 6 37—76-145-221. Mehlhorn's card: Out—5 4 4 5 4 3 4 4—36. In—4 4 4 5 5 4 4 5 40-76-149-225. Hagen's card: Out—5 4 3 4 4 2 4 3 4—33. In—4 5 4 5 5 3 4 4 39-72-148-220.

Jurado and Mehlhorn each got 76's.

MOTHERS' DAY SUNDAY
It is a wonderful thing, a mother. Other folks can love you, but only your mother understands. She works for you, looks after you, loves you, forgives you, anything you may do. And the only thing bad she ever does to you is to die and leave you.

"DISCOVERY NIGHT"

The Grand will observe Discovery Night tonight when half a dozen amateur acts will be presented on the stage. This is a weekly agent at this house.

The feature picture is "Underworld."

The unfolding of the lives of underworld characters in an environment of crime, their methods of preying on organized society, their ferocious struggles with men paid to uphold the law and the intimate side of their natures in following out impulses and emotions in love and hate, provide the basis of the story written by Ben Hecht for Paramount.

The climax is thrilling, showing how a city street may take on the aspect of a battlefield, with police reserves rushing up to a house where a desperate gangster is trapped and has decided to die fighting. Searchlights, machine guns, grenades, automatic revolvers, shields and all the equipment of soldiery come into play when the house is stormed.

The gangland characters are splendidly portrayed by George Bancroft, gangster leader; Evelyn Brent, a girl whose moral consciousness is not awakened until she falls in love; Clive Brook, a man of good breeding who falls into a life of crime; Larry Semon, a crook with a sense of comedy and Fred Kohler, leader of a gang opposing Bancroft. Josef Von Sternberg, who directed the underworld drama under Hector Turnbull's supervision, has turned out a fine piece of work.

AT THE STATE

"Why Sailors Go Wrong" is on view at the State. The story starts out in a big city where two pals, one Jewish and the other Irish, are shown as friendly competitors in the transportation business. Sammy drives a broken down taxi cab and Mac a rattletrap hansom with an old white nag for motive power. Business being slow, the boys decide to help two lovers in distress. This takes them on board a palatial yacht where they are

shanghaied and made to swab decks and peel potatoes. These distasteful duties are interrupted when the craft is wrecked and the entire party cast on a desert island inhabited by cannibals, hula girls, monkeys and other jungle denizens. It is here that the fun begins and one comic situation succeeds another from stepping on lion's tails to being fought over by the jungle beauties. Sully Phillips and Nick Stuart make a charming couple in the feature roles and the comedy team is composed of Sammy Cohen and Ted McNamara. Jack Pennick and Carl Miller are prominent in the supporting cast.

STYLE EDICTS

Paris, May 11.—The June bride this year can let her fancy play when choosing her wedding-gown as well as any other, according to the smart couturiers in Paris.

They are offering brides many materials in many shades. The old-fashioned idea that heavy white satin is the one and only fabric for the wedding-gown has gone the way of many good things. Molyneux has struck an original note with a charming gown in soft yellow satin, over which was worn a creamy lace veil topped off with orange blossoms. The bridesmaids' gowns in soft pastel shades toned in beautifully with the whole scheme.

Satin in the new egg-shell shade is likely to be a popular one for the spring bride. It is deeper than ivory and gives off charming reflections.

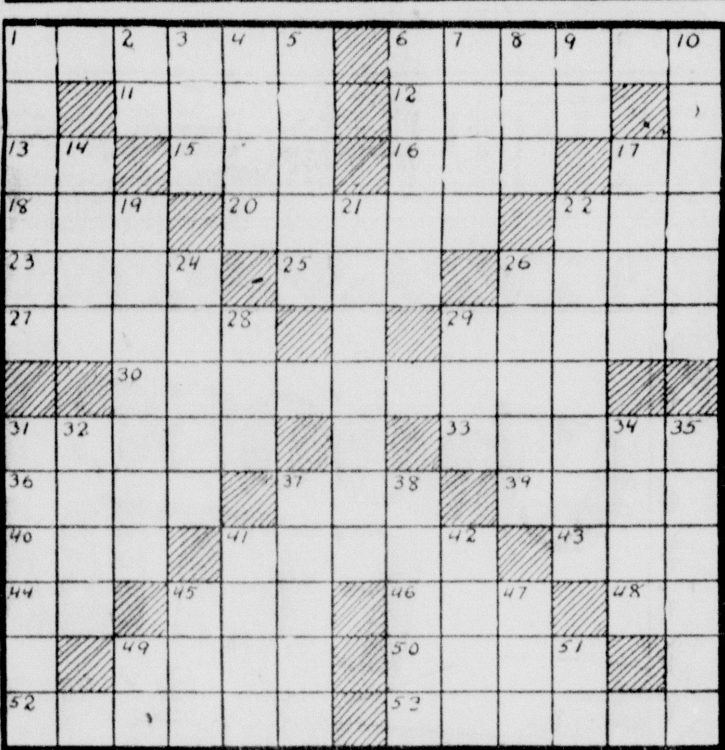

The faintest blush on the surface of a satin wedding-gown recently seen at a fashionable ceremony in the Madeleine, was due to a pink foundation beneath. For trimming there was exquisite pearl embroidery around the neck, wrists and belt extending down the front of the long skirt, and a cluster of real orange blossoms.

Another recent bride wore a wedding-gown of Saxe-blue georgette, inset with silver lace and mounted on a pale rose foundation.

An American bride in Paris chose the palest rose-colored Duchesse satin trimmed with thick, silky lace about the bottom and with entire lace sleeves. The lace-bordered train came in graceful cape-like effect and a wreath of tiny orange blossom buds was carried up over one eye in the same way as the smart hat of the moment.

Smart frocks for bridesmaids come with full tulle skirts dipping slightly at the back and attached to a plain corsage.

THE GUMPS—THE SONG OF THE SKIRT

THE HOME KITCHEN

By Jeannette Young Norton

Here's a May Day Party

May-day weather is frequently fickle and breaks tender hearts by spoiling the outdoor parties, sprinkling the little queen's veil and dimming the courage and enthusiasm of her subjects. To avoid this we propose an indoor party along the same lines but safe from storms. The invitations to the "Flower Party" may read "from two to six," and request each child to bring a packet of his favorite flower seed.

Upon arrival the children drop their seed packets into a basket and learn by the placard that they are to be sent to one of the children's homes to beautify their Summer garden. Wraps off the children are taken charge of by the party mother who skillfully guides them through a maze of games of all kinds, allowing only 20 minutes or less to each. Prize contests, guessing games, ring toss played on the porch if the weather is warm enough, then all are assembled before a sheet hung to conceal a table, and then the curtain is drawn and there are little May baskets of

small popcorn balls, lollipops, crisp cookies, little sandwiches, and a lovely paper bouquet is fastened to the side of each basket. Cups of cocoa are passed to the little picknickers as they sit around the floor on cushions. After the May baskets more games are played, including pinning the tail on the turtle, quite a treat as the tail is small and the turtle is large and it is hard to judge just how far from the flippers the tail ought to be. A prize goes with this game. Then the children are asked to sit down quietly and the party mother reads an attractive flower story, or tells a story of some incident connected with flowers that children will understand, or gives a description of the famous floral clocks in the world. Children love this sort of entertainment.

A "PECK" OF MEDICINE DID NO GOOD

But ALL-BRAN brought natural relief

Read what Kellogg's ALL-BRAN did for Mr. Hamilton—a chronic sufferer from constipation.

"I'm 55 years old and truly believe I have taken a peck of medicine, costing a good many dollars, for constipation, and all I got was temporary relief. Now since I began taking your ALL-BRAN I have had a bowel movement (with a single exception, and that was my fault) every day. From a grateful user of your ALL-BRAN."

W. N. HAMILTON, Export, Penna.

Constipation causes headaches, blotched skins, sleeplessness, spots before the eyes. It is father of more than forty serious diseases.

Guard against it. ALL-BRAN is guaranteed to relieve constipation. Two tablespoonfuls daily—chronic cases, with every meal. Doctors recommend Kellogg's because it is 100% bran. Because it is much more effective than part-bran products could possibly be.

A health cereal too! Serve with milk or cream—and add fruits or honey. Use in cooking. Recipes on every package. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

SAYS ENGLISH READING PUBLIC STANDING STILL

Ray Long Finds America
Surpasses Britain In
Serious Reading

Los Angeles, May 11.—The time when America read fluff and drivel and England went in for serious literature has ended. Now it's the other way around. The Englishman reads the kind of books he read a decade ago. The American keeps up with the great moderns.

The startling twist in literary pursuits was described today at the Ambassador hotel by the man who is in one of the best positions in the world to know about what he is saying.

He is Ray Long, editor in chief of the International Magazine company, and head of such magazines as Cosmopolitan, Good Housekeeping, Harper's Bazaar, and nearly a dozen others. He has just returned from a trip to Europe.

"It is surprising how much more serious literature is being demanded by the American reading public, while the English are standing still," he said.

Standing Still
"In London I talked with the head of one of the greatest magazines in Great Britain. I asked him why he didn't print in his publications the works of such authors as Will Durant and George A. Dorsey and Emil Ludwigs."

"I'll show you," he said. He then looked up statistics which indicated that "the story of Philosophy" and "Why We Behave Like Human Beings" had not reached a sale of 10,000 copies each in England. These books have reached enormous sales here.

"You couldn't dynamite such serious authors into English magazines. The English won't read serious literature in their magazines."

"Take 'Trader Horn,' for instance. The old fellow went to England, and nobody hardly knew he was there. He came to this country, and people turned out in droves to receive him."

"I think that the prosperity of the

United States is partly responsible for the serious reading being done. In England, the average man or woman never would think of paying \$5 usually the price for a serious book. In America, readers can pay this price. In England, too, all the middle class has to look forward to in old age is the almshouse. In America, when people get old, they begin to think about tiding around in an automobile."

Young Folks Lead
Long does not think, however, that it is the older men and women who are turning America to serious literature. It is in his opinion, the younger generation, and he does not share the views of alarmists who are pessimistic about the younger generation. On the contrary, Long says, young men and women are going to the heights.

"On the train the other day," he continued, "I noticed a young woman reading a book. It was 'The Ugly Duchess' by Lion Feuchtwanger. She was about 22 years old. Now, I am a pretty good reader, but 'The Ugly Duchess' was a book that I could not rush through."

"In the seat behind this young woman, was an older woman. She was reading too. And the book was a magazine—of the true-story type. I tell of the incident to show just how the American public is reading."

Mrs. Adelbert Greenmeyer entertained the Friendship Fancywork club to a 1 o'clock luncheon, Wednesday. Yellow was the color scheme carried out in the table decorations. All the members were present and Mrs. J. B. Pearce was an invited guest. The afternoon was spent with fancywork and a social time.

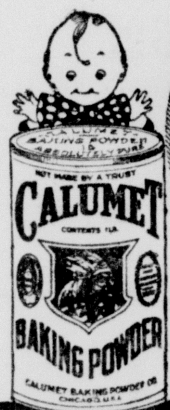

The Colerain club was entertained at the home of Mrs. Charles Ellerson Wednesday, in honor of his sister, Mrs. Francis Walton of Philadelphia. The invited guests were Mrs. Everett Teare and son, Junior of Cleveland; Mrs. Albert Sartora and daughter, Jane, of Ravenna; Mrs. Ellsworth Hall of Atwater; Mrs. Albert Hall of Alliance; Mrs. Merle Shreve and two daughters, Charlotte and Janet, and Miss Elizabeth Steer. A delicious covered dish dinner was served at noon and the afternoon spent socially.

Elevator Man Lets Women Down With Great Crash

SUMMONS MEN TO RISE IN REVOLT AGAINST WOMEN'S VOTE

"THERE should be an end to all this talk about the goodness of women," the elevator man, Mr. A. B. See of Brooklyn, N. Y., writes. "It does no good and is not true. Men are better than women. Men are more truthful than women. Men are not deceitful like women. Men are more honest than women. Men are not quarrelsome like women."

And that is not half of it. To remedy the situation the vote should be taken away from women immediately. They should be under the complete control of the wiser and stronger and by far nobler sex—at least, that is the way Mr. See sees the solution.

"We have a nation to save," he declares. "To save the nation the children must be rescued from their mothers and from the pedagogues; the women must be rescued from themselves and men must rule the homes again."

"Women," Mr. See declares further on, "excuse their coarseness, grossness and profanity with the excuse of the new woman. The filthiest books are written by women, the filthiest translations are made by women, and the filthiest books are read almost exclusively by women."

And regarding schools, the subject of the book, Mr. See, who has been looking into them for about five years, finds almost nothing worth keeping in the present system.

"The first thing to be learned in school is the alphabet," he asserts. "Now the children are started with reading before they learn the alphabet with the result that their

parents think their children are much farther advanced than they themselves at the same age." In addition, Mr. See would include penmanship, arithmetic, history, geography and English in the curriculum—but beyond them, nothing at all.

RURAL WOMEN TO HAVE CAMPS

Last Year's Camps in the State Were Successful, University Says

August days and threshers coming. Temperatures in the kitchen just about the same, in or out of the oven. Long, full summer days, but not long enough to get all the work of the farm home done.

Then, "The Revolt of Mother." Father and the boys go fishing sometimes. The girls go to parties and picnics and on hikes. The 4-H club camp comes around and the young folks are off for a week of outdoors. Mother cooks and cleans.

But, threshers, cooking, canning, cleaning to the contrary notwithstanding, 640 farm mothers last summer took a few days off and went to camps in 16 Ohio counties. There they neither toiled nor spun, just rested. And there is no report of any one of the 640 homes going to wrack and ruin as a result.

With the cooperation of the extension force of the Ohio State university, 16 county camps for rural women were held in 1927, and there are likely to be more than a score this year.

The women who attended the camps took their own bedding, sometimes their own straw ticks or cots. They slept in tents or shacks erected on the camp grounds. They did no cooking. In a few cases they

washed their own dishes, but they didn't plan their own meals, and that blessed joy of not knowing what was for dinner until they came to the table, some of them knew for the first time in years.

Camped Three Nights

The average camp lasted three nights and two full days. The time was put in on real recreation. There were programs for each day's activities but the programs were elastic and there was plenty of time left for the women to do as they pleased. They sang—at evenings, around the campfire in the evening, at meals, at general assemblies, and generally when they felt like singing. They played games—baseball, handball, croquet, horseshoes and

volley ball. They took setting-up exercises before breakfast. They talked about books, read books, and had books read aloud to them. There was a little handwork mixed in with the program, but not too much. Plans for these camps were for the most part made by committees of women working with the extension agents of the counties. What did they do when the threshing crew was due while they were at camp? They did the baking and cooking in advance and left the husbands and the men themselves to serve the food. Husbands and sons fried eggs and managed to do their own cooking while Mother was at camp. One little girl stayed with her grandmother and the husband "batched." A sister of a neighbor sometimes came in and helped with the housework. Every home "managed" and practically every mother pledged herself to attend the 1928 camp.

Washington — Nearly 12,000,000 radio receiving sets are in use in the United States, and the "radio audience" numbers at least 49,000,000 persons, according to results of a survey by Radio Retailing announced, recently. Seven and a half million of the sets are standard, with loud speaker volume, it was found. The rest are of crystal and one-tube type.

A Fashion Model's Diary

By GRACE THORNCLIFFE

She Writes of the Popularity of Prints.

"I WANT an afternoon dress, Madame, but don't you dare show me anything in a print. I'm bored to death with printed fabrics."

Madame looked completely shocked and even a little hurt—prints are her fad. She said as much—adding that they were terribly fashionable.

"That's just the point," continued Miss Ferguson. "I rather liked them at first. Then, in almost every fashion magazine, I read that they were 'in,' with the result that in a short time the style had been ruined—for me, at least. Everybody's wearing them—it's too disgusting."

Madame argued that it was so with every good style. Naturally, lesser designers pounce upon good ideas immediately and popularize them.

"But," she added, "there are always houses that stress original treatment in no matter how popular a style. I wish you'd let Grace show one or two models with prints from our own Paris designers. I have so much confidence in them and in your taste, that I am sure you'll take one of them."

Which not too subtle flattery stemmed Miss Ferguson's dissent. Her shrug I took to mean that she'd see one and revel in criticism.

I modeled for her the dark-blue crepe that Helene had termed "knockout" when it arrived just the day before. I used a print in the cunningest way; the pointed neckline was trimmed with two insets of a scarlet and white print and a shoulder bow-knot of the same material, adding a lovely dash of color to the dull blue. One band of the print and a tiny bow appeared on each cuff and two rows of the print insertion occurred on either side of the blouse. Inset on the skirt pleats. Anything more cunning and trim I can't imagine.

Dull Blue Crepe Enhanced by Clever Insertions of Scarlet. Neither could Miss Ferguson. As Madame had predicted, she ordered the model, promising to visit our shop before she completely condemned another popular style.

HOMEWORTH

Mr. and Mrs. H. E. Shekels and son, Harry of Pittsburgh, Mrs. John Whitehead and daughter, Lois of Kent and Mr. and Mrs. William Davis of New Franklin, were guests of Mr. and Mrs. Theophilus Shekels, Sunday.

N. GEORGETOWN

Mrs. Charles Daub, Mr. and Mrs. Ernest Zell and children of Crafton, Pa., called on Mr. and Mrs. Harold Saffell and Mr. and Mrs. John A. Summer on Sunday afternoon.

A number from the Brethren and Lutheran Sunday schools attended the Four Township Sunday School convention held at Damascus last Thursday afternoon and evening, and reported fine programs and splendid interest.

Mr. and Mrs. Homer Greenesen and Mr. and Mrs. Paul Wang and Russell Greenesen were Youngstown visitors last Friday.

Bridgewater school, with Miss Carrie Stoffer teacher; Mill school, with Miss Eileen Fallon teacher, and North Georgetown grade school, with Mrs. Edna Maxwell teacher,

enjoyed picnic dinners as a feature of closing day last Friday.

Friday evening the High school pupils, together with their teachers, E. H. Youngen and Miss Stella Stackhouse and some alumni and other friends enjoyed a party held in the Lutheran church basement.

On Saturday evening, at the town hall, were held the commencement exercises for the seven graduates of the class of 1928 of the Knox township High school. The class consisted of Vernon Walrath, president; Mary Sprout, secretary; Otis Stoffer, Willis Schopfer, Merle Maxwell, Clark Hahn and John Davis.

Music was furnished by the High school chorus and the High school orchestra, directed by W. V. Myers of Canton. The class orations were, "Tint Your Own Sky," by Mary Sprout; "Radio and Life," by Ver-

non Walrath, and were all of a high order.

The class address was given by Prof. J. H. Dickason of Wooster.

Mrs. Anna Blusser and Mr. and Mrs. Harry Bailet and children of Louisville called on Mr. and Mrs. D. Z. Fryogle and Mr. and Mrs. C. H. Ritchie Sunday afternoon.

Lindbergh's Teacher

Lieut. Commander P. V. H. Weems of Washington, D. C., has been assigned by the Navy Department to tutor Col. Charles A. Lindbergh in certain phases of navigation in preparation for his Greenland-Iceland-Ireland flight.

COLUMBIANA

About 75 were present Wednesday evening at the meeting of the Daughters of the King class of the Lutheran Sunday school, when their annual entertainment in honor of their mothers was held in the church social rooms. An appropriate program of playlets, music, etc., was given by the members and a delicious lunch was served by the committee.

Several from Columbiana attended a meeting held at the Mt. Pleasant school house Monday evening at which time plans were made to hold a reunion June 23 for all the teachers and pupils who have attended that school in the past sixty years. W. E. L. Donbar of Columbiana was elected president; Charles McCloskey, East Palestine, vice president; Mrs. William Rupert, New Waterford, secretary; and Mrs. John Stiller, Columbiana, treasurer. Committees will be appointed at a later meeting.

The results of the election of members of the executive committee of the Columbiana Business Men's association made by ballot Wednesday are as follows: Solon Morris, H. A. Keller, Dick Fitzpatrick, W. E. L. Donbar, E. P. Funkhouser and Henry Staley. The present officers, Dan Miller, Oscar

Lisher and C. E. Keller, are also members of the executive committee. Wednesday was "clean-up day" in Columbiana and Street Commissioner Robinson and a force of men were busily engaged in hauling refuse to the dump. This work will be continued for the balance of the week until the task is completed. The Loyal Sons class of the Christian Sunday school held a business and social meeting Wednesday evening at the home of Mr. and Mrs. Glen Everett, near Leetonia. The May meeting of the Lutheran Brotherhood was held Tuesday evening at the church. The program was in charge of a committee composed of Charles Donbar, Harry Ferrall and Charles Essenswein. Peter Gemmill returned the first of the week from New Castle, where he visited with relatives and friends for a week. Mrs. Herbert Smith of Pittsburgh is visiting for a few days with Mr. and Mrs. C. A. Snyder, Union st. Mr. and Mrs. C. B. Clapp were Youngstown visitors Wednesday. F. S. Lenning was in Toledo on business Thursday. W. H. Noble of Cleveland was a local business caller Wednesday. Mrs. Bert Rankin and Malvern Russell of Leetonia were local business callers Wednesday afternoon. Mrs. Emma Weller, Youngstown, called on Columbiana friends Wednesday.

You can forget your roast with the automatic "FLAVOR ZONE" oven

No need to manually labor and fuss for hours over a roast or oven dinner any more.

The Westinghouse FLAVOR ZONE oven browns and cooks automatically—without the least attention.

Just put your dinner—roast and vegetables—in the oven, make two simple adjustments, and then forget it. Don't go near the oven—don't touch the roast—until dinner time.

No other range, either fuel or electric, can perform first the browning and then the cooking operation under full automatic control. No other range can give you such complete freedom from the kitchen.

Come in and let us demonstrate this new and better cookery. No obligation.

REMEMBER MOTHER!

In all this world there is one great lady who each of us should do all we can to make happy — Our Mother!

She has cared for us when we were ill. We have all gone to her in time of trouble — her sympathies have comforted us. It is her that sees that we are happy.

Now mother is growing older. Her fingers are not as nimble as they once were, her hair is turning gray from worries.

We should all do something to show our appreciation of the life she has lived for us. May 13 has been given to her as her day. A Franklin A-Grade Living Room Suite will add much to her comfort.

See Liquid Coal As Fuel of Future For Large Ocean Liners

London, May 11.—Visions of a time when coal will be pumped into steamships and fed to the furnaces through nozzles just as oil fuel is today were raised by an address given by Sir John Biles, the naval expert, before the Institution of Naval Architects here.

Sir John showed that assuming oil at \$20 a ton and coal at \$5 a ton, the depreciation, interest and insurance of the oil engine were so much greater than if oil is presented free to the oil shipowner, the coal burning shipowner can afford to pay \$3 a ton for his coal, and still his fuel and charges will cost no more than those of the oil engines.

"The question arises," he said, "can any means be adopted to make coal so liquid that the same advantages can be as readily obtained as with oil?"

"It seems that in order to give coal a chance to hold its own against oil, the methods which have been adopted in oil-fired boilers must be imitated. The coal must be pumped on board."

"Coal up to 2 inches in size is already being handled pneumatically in England at the rate of 50 tons per hour through a single pipe. A combination of such plants could coal any vessel. It must also be forced into the furnaces in a way similar to that in which oil is used."

Sir John thinks that the invention of devices which will facilitate this new coal era are not impossible.

Springtime

Makes one think
Of fixing up.
And maybe replacing
The old with the new.
And we often wonder
Why one will not drive
The old automobile
For another year
And yet will put up
With obsolete bathroom
And plumbing equipment.
Sometimes it happens
That a snowy white
Pyralin Closet Seat
Will give the bathroom
The finishing touch
That is required.
But if you may
Happen to need
An entire new set
Of bathroom fixtures,
We're just as ready
To furnish the one
As the other.
And if the boiler
Should start to leak,
We have a make
That is hard to beat.
And the price must be
About correct
Because we sell
So many of them.
Yours for jobs,
Either large or small,
And the larger they are
The better they suit.

Now is the time for new Goodrich Silvertowns!

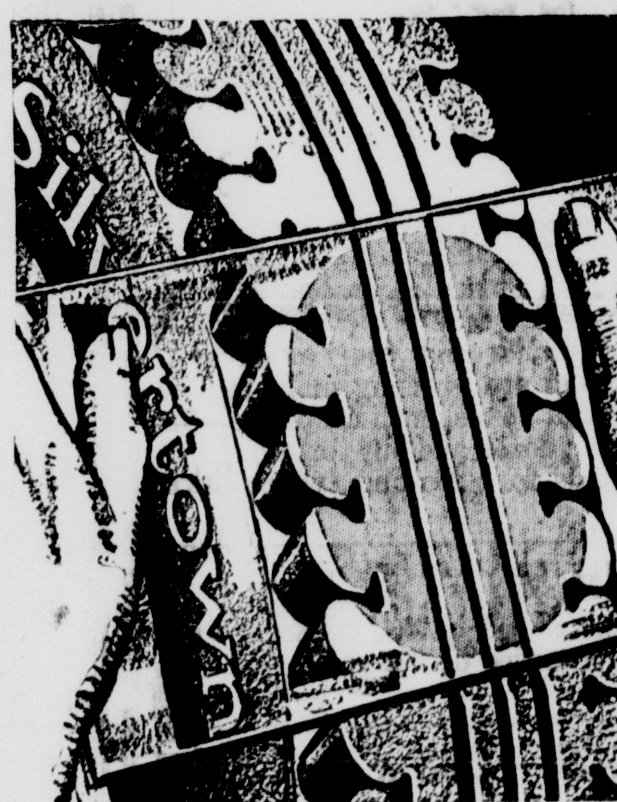

this test shows an important reason

Hot weather driving months are just ahead—the months which put the hardest test on tires.

That's why it is time to equip your car with fresh new Silvertowns—the best defense against tire trouble—the surest investment in long mileage which we can offer you.

By the "plate glass test" you can see why Goodrich Silvertowns deliver such remarkable mileage.

Glance at the picture. Let your eye follow those grooves, and you will know why the rubber in this tread does not "pile up," causing rapid, uneven, choppy wear. Because those three deep grooves can close up so easily,

UNDER PLATE GLASS you can see how the deep triple grooves of this tire close up under pressure, preventing distortion of the shoulders, and eliminating rapid wear

the massive shoulders are protected from harmful distortion.

On millions of cars, that tread has proved the success of this Goodrich discovery. See us now. Our service is just as fine as the tires we sell.

The number of two-car families is growing every day.

Perhaps you're considering a second car yourself.

You don't want to spend too much — yet you don't want a cheap car, either.

Then why not a used car—from a reliable dealer?

Stop in and see us. We probably have just the car you want—at the price you want to pay.

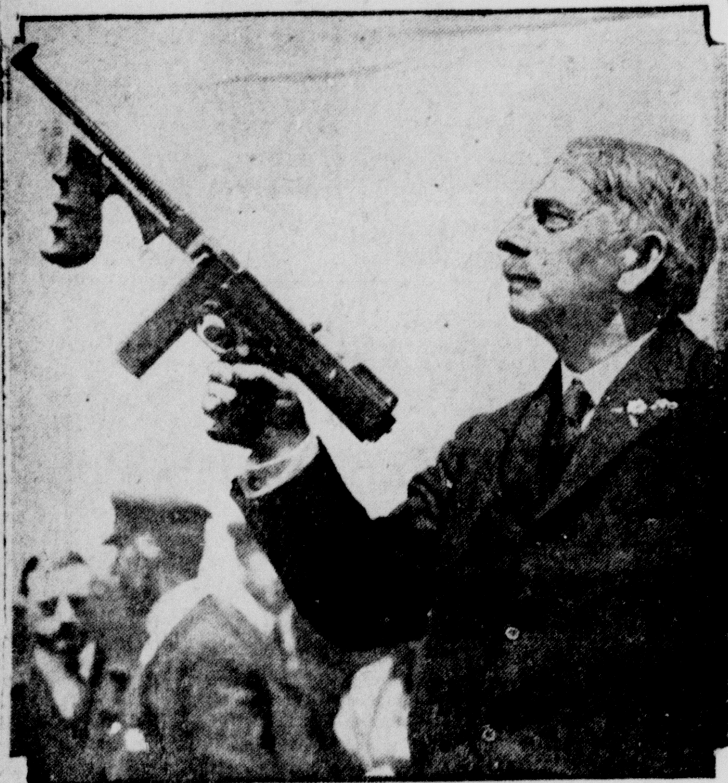

And if you buy a used car here you can depend on it. The word of a Buick dealer stands behind it.

U. S. GENERAL WINS \$15,000 PRIZE

Brig. Gen. John T. Thompson of the U. S. Army, who has just been awarded at London the prize of \$15,000 by the British War Office for the most satisfactory rifle submitted for adoption by the British Army. The new rifle, which is said to fire as accurately and nearly twice as fast as any rifle now in use, was designed by the American general, who was Director of Armaments of the United States Army during the late war.

LEETONIA

The Parent-Teacher's association will hold its last meeting of the year in the Home Economics room in the north side school building Monday evening.

The program follows:
Piano duet, Miss Ruth Prior and Orlo C. Stroup; vocal duet, Misses Helen Berg and Mary Frances Johnson.

Dr. Lippert of Columbus, will give an address on "Health and the Spring Round-up."
Vocal duet, James Hall and T. B. Cope.

This lecture by Dr. Lippert promises to be very interesting and instructive and is intended primarily for adults.

At the business session there will be the election of officers for the coming year and a social hour will follow the meeting.

A cordial invitation is extended to all and especially to those who will have children entering school next fall.

On Wednesday the Volunteer Fire department was called at 10:30 a. m., when an attempt was made to burn the dried grass off a vacant lot on Columbia st., between the homes of George C. Johnson and P. J. Hanahan. The fire got beyond control and endangered the homes on both sides.

At 4:30 p. m., a call was sent in when Charles Zimmerman set fire to the grass on a two-acre lot adjoining his home on Mill st. The wind sent the flames toward the house and his garage. At the Zimmerman home flowers, rose bushes and the fence on the south side of the lot were destroyed.

Miss Sue Bixler and Mrs. W. S. Groner entertained the Women's Missionary society of St. Paul's Lutheran church Friday afternoon at the home of Mrs. Groner.

The body was brought to her home west of Lisbon, where funeral service will be held.

C. L. Crowell and Mrs. Ethel Patterson have received word of the death of their cousin, Mrs. Margaret Chandler, 35, wife of Turner Chan-

der, who died at McConnellsville Tuberculosis hospital.

Mrs. Anna Johnson went to Salem on Wednesday and visited for the day with friends.

Mrs. Charity Roller was a Youngstown visitor on Wednesday.

The last card party of the series of the Rebekah lodge was held on Tuesday evening in the lodge rooms.
